Summary

As a dedicated Information Systems student at Mapua Malayan Colleges Mindanao, I excel in programming and project development. My experience includes creating data analytics tools, blockchain solutions, and mobile apps. As the Creatives Head for the Information Systems Students Association, I bring leadership and innovation to every project I undertake.

Work History

Unicenter Communications - Telemondo
- Quality Assurance Intern - (April - June 2024)
  1. Worked on various projects to ensure website quality and stability. Used tools such as Playwright, Typescript and Test Craft
